Also, see Esther Stewart's Dare from Ottawa that has a Toronto theme!

Ottawa

Esther Stewart

Ottawa, ON

Fundraising Goal: \$1,776

<http://stephenlewisfoundation.akaraisin.com/p/esther.aspx>

Nine-year old Esther has always wanted to go to the top of the CN Tower... and this year she is going to get there, one step at a time.

There are 1,776 stairs to the Tower's main observation deck, so from now until October, Esther will take the stairs everywhere she goes until she has climbed 1,776 stairs to represent her journey up the CN Tower. She is hoping to raise \$1 per stair. Once she has climbed 1,776 stairs in her neighbourhood, she will travel to Toronto and go up the Tower (taking the elevator) to see the view from the top.
