

CREATING A DARE TO REMEMBER T-SHIRT

We have created a simple yet effective design so that you can take it to a local t-shirt printing store and make yourself a *Dare to Remember* t-shirt to wear around town! Wear it to work, school, or when you are out running errands, and help us promote the event and get people interested. And of course you could wear it when performing your dare, or attending the dare of a friend, colleague or family member.

Any t-shirt maker will be able to replicate this design. Simply ask them to download the *A Dare to Remember* logo from the Fundraising Tools page at http://www.adaretoremember.com/fundraising_tools.cfm and to add "Do You Dare?" and the URL to the back of the t-shirt. The colour code for the burgundy used in the logo and the text is pantone 208.

The t-shirt should look like this (though feel free to be creative and come up with your own design!):
